

**CISC 2330**  
**Assignment 10 (20 Pts)**

***Due at 10:00 PM Central (MyCampus)***

Topics: Control Structures (Repetition):

**Understanding loops**

**Exercise #42 (326-7):** To learn how nested loops work, do a careful walkthrough of the program segments (a – e) and determine, in each case, the exact output.

Also for homework, complete exercise 45 (p 328)
